REPORT
2018-2019**

CEHRO INDIA
<https://cehroindia.org>

This year's annual report, Ready for our organization, highlights just a few of CEHRO INDIA efforts which help our underprivileged students studying in our centre become more effective learners in education and in other extra and co-curricular activities. Our Education programme is dedicated to improving the lives of the poor through education and social and economic development programs. The projects featured in this report demonstrate the wide range of Education's work to reduce illiteracy through education and skills.

MESSAGE FROM FOUNDER'S DESK

From the bottom of my heart, I want to thank all the supporters and contributors towards the development in 2018-19. You stood with us every time and because of you we are able to come this far.

As our partners, you have touched the lives of 210 children this year. Without your support it would not have been possible to teach hundreds of children and send them to school. After your donation to CEHRO INDIA you made sure that children's will continue their education.

There are different stories which unite my faith in coming together for one cause. Thank you so much for being our support and I hope that we will continue the good work in the years coming ahead.

With faith and hope,
Surjeet Singh

MESSAGE FROM BOARD OF TRUSTEES

Dear CEHRO INDIA supporters,

You have helped us in making 2018-19 a wonderful year.

Thanks to all – our donors, supporters, volunteers, partners – we have been able to create a big difference in the lives of 210 underprivileged children for forever.

You have helped children to get a chance for better education. You ensured that they get access to schools with proper facilities. You have made this possible by simply lending us your hand of support.

We continue to count on you for your support and making greater change.

On Behalf of Board of Trustees

OVERVIEW

CEHRO INDIA is an organization which directly benefits the unprivileged and neglected sections of the society, vigorously working towards bringing a change, and realizing their dreams of living a respectful and dignified life with basic needs, proper health care and education to all. Since 2012 we are serving the unprivileged section in Munirka Village and nearby slums. This year also, we worked for underprivileged section, reaching 210 underprivileged children through education development and poverty-fighting development programs. The projects running are Education, Health and Employment. We place special emphasis on investing in educating underprivileged children because our seven years of experience shows that their education support benefits the whole community because due to low literacy rate they used to work as daily wage earners such as rag pickers, washers, etc to earn their daily bread and butter as a result they are suffering to feed their family as well as facing difficulty to provide the family with daily basic necessities in their life. Our main focus is to defeat illiteracy and to provide critical skills. Besides, we also make sure to provide health, nutrition, education and vocational training facilities to fulfil their dreams. We strengthen the independence will of the children; understand their individual interest and capabilities as each and every child are unique.

OUR PROGRAMMES

Initiative running and its achievement during 2018- 2019

- **Udaan (Early Childhood Programme):** This year we were able to reach around 100 children under this programme. This year Early Childhood Program has benefited mostly children from 3-6 years.
- **Kati Patang (Alternate Path for children out of school):** We aim to bring back dropouts after Grade 5 to formal education system. The 40 beneficiaries under this programme benefitted during the year.
- **Padho Padhao Programme:** Before there was a difference between the student's age and class but now we have managed to bridge that gap. Now children are able to understand the curriculum of their present classes.
- **Health Programme:** This year we cover 210 underprivileged children studying in our centre. With the help and cooperation of our food partners (Responset), Individual Partners and via The Shared Birthday Project we managed to look after health nutrition programmes for our kids.
- **Extra & Co- Curricular Activities:** Underprivileged children made number of quilling products through training provided by our team. Here our children are working very hard, made their handmade products and sell their stuffs for their education support.

THE SHARED BIRTHDAY PROJECT

We have got the opportunity to celebrate 82 shared birthdays in 2018 with 102 underprivileged children studying in our centre.

FEED THE HUNGER INITIATIVE

Initiative formulated by The Hunger Project (Feed The Hunger Initiative) CEHRO INDIA. It focuses on sustainable solutions to tackle hunger prevalent amongst the less fortunate in nearby slums. We have started with this initiative in serving food to the poor people targeting mainly the slum areas such as Ekta Vihar and Sonia Camp in R. K. Puram. We choose this area because it is nearby to our organization and from our observation we found that a staggering population in this area go hunger every day. Under this initiative we provide foods like- Biryani, Healthy vegetable Oats, Fruits, etc.

Our underprivileged children studying in our centre come forward and volunteering themselves and taking this initiative into their own hand in distributing food to the poor people. All the volunteers and other participants were satisfied after serving food to the poor people and spending time with them, laugh with them and most importantly feeding them. We thanked all the volunteers and our food partners for making this drive successful.

STORY OF CHANGE

Divyanshu Pandey belonging to Munirka village of Delhi one of the underprivileged child studying in our centre CEHRO INDIA. Divyanshu joined our centre three years back in the year 2016 when he was in 3rd Standard. His father was a cook and mother was a housewife. After joining the centre Divyanshu was found to be very active, smart as well as brilliant in studies. Divyanshu was also energetic as well as very good in anchoring who always starts off with a smile and had done very good anchoring in many birthday celebrations in our centre under The Shared Birthday Project. After spending two years with us, in the year 2018 when Divyanshu Pandey was in 5th standard he was prepared to sit in the Rajkiya and Navodaya entrance exam for 6th standard by CEHRO INDIA TEAM and finally our teachers hard working efforts pays off as Divyanshu cracked the entrance exam of both Rajkiya Pratibha Vikas Vidyalaya and Jawahar Navodaya Vidyalaya and achieved the first rank in the result. This was the greatest achievement for the team CEHRO INDIA that our kids are doing best in years. We are sure that Divyanshu will fulfil all his dreams with his strong will and determination in future. We CEHRO INDIA TEAM wishes Divyanshu a very good luck for the future and every success in life.
